EPHESIANS 4:11-15, HEBREWS 11:32-40

Now if you notice in Revelations 1, we find Jesus standing in the seven church ages, the seven golden candlesticks, when he turned and saw One like the Son of man standing clothed with a... How it was, it was a Bride standing in the candlesticks drawn out.

"Do not fear; I'm sent from the Presence of God," said, "to tell you that your peculiar birth and--and peculiar life has been to indicate that you're taking a gift of Divine healings to the people of the world." Then said... And--and said, "If you'll get them to believe you, and be sincere when you pray, there'll be nothing stand before your prayers."

He said, "That, let that stand. If there is ever a doubt in your mind, remember this place, come back here."

And I seen them bringing a lady up on a stretcher, and there was a lady there taking her name and things with a--on a--on a paper. And so, there was a--a someone come and got her and pushed her through. And the next man come through was with crutches. I see them go through that little building, and on the outside the lady come out screaming to the top of her voice, pushing this stretcher. And the--and then there was another lady on the other side, looked like kind of a dark-haired woman, and she said, "What happened?"

She said, "I just don't know." She said, "I couldn't tell you what happened." She said, "I've been paralyzed for twenty years, and looky, I--I feel like I--I--I never was sick."

And just then out come the man, leaping and jumping with his--with his crutches in his hand. And I--I looked at that.

...And a High Cloud Ring of Mystery

Hovering like a giant's smoke ring, a great cloud appeared at sunset over Flagstaff, Ariz. last Feb. 28 and set off a continuing scientific mystery. Watchers struck by the cloud's odd shape and huge size, took pictures, like these four, at different times and from widely scattered locations in the state. Dr. James McDonald, a meteorologist at the Institute of Atmospheric Physics in Tucson, has been accumulating the pictures. Using them as the basis for trigonometric calculations, he has made a startling discovery that the cloud was at least 26 miles high and 30 miles across—"a lot higher and bigger," he says, "than a cloud should be." The circle was too high to be made by a jet plane, and so far as Dr. McDonald can determine, there were no rockets, rocket planes or bombs being tested nearby that day. He hopes anyone else with pictures will lend them to him, for he would like some more clues about the cloud 26 miles up—no water droplets exist at that height to make a cloud.

But unto you that fear My Name shall the Sun of Righteousness arise with healing in His wings; and ye shall go forth, and grow up as calves of the stall. Malachi 4:1-3,

They're--they're away from the church age. The Church absolutely is raptured at this time. **The Church goes up in the 4th chapter of Revelation**, and does not return until it comes back with its King in the 19th chapter
