Former and Latter Rain

65-0725E WHAT.IS.THE.ATTRACTION.ON.THE.MOUNTAIN_

Oh, there will be a true former and latter rain in the last days upon that little group that come with Him on this little donkey, low and humble, no don-... or denomination, crying, "Hosanna to the King that comes in the Name of the Lord!" What's the matter today? What's the attraction on the mount?

Rainbow of Moonbeams

Curving gracefully over the lights of the island of Oahu, a moon-made rainbow painted the Hawaiian sky with a rare light. Moon rainbows are hardly ever seen or photographed; they require a very special combination of frequent local rainshowers and an especially clear atmosphere. But for this remarkable picture, taken at 11 o'clock at night, there was a brilliant

moon behind the camera and a rainstorm in front of it. Honolulu and the Punchbowl cemetery are on the horizon at left. Part of Mount Tantalus shows at the right. The raindrops broke up the moonlight into the spectrum of color in the sky, and Photographer Werner Stoy was at just the right place, between moon and rain, to show the wonder of a moonstruck storm.

...And a High Cloud Ring of Mystery

Hovering like a giant's smoke ring, a great cloud appeared at sunset over Flagstaff, Ariz. last Feb. 28 and set off a continuing scientific mystery. Watchers struck by the cloud's odd shape and huge size, took pictures, like these four, at different times and from widely scattered locations in the state. Dr. James McDonald, a meteorologist at the Institute of Atmospheric Physics in Tucson, has been accumulating the pictures. Using them as the basis for trigonometric calculation, he has made a startling discovery that the cloud was at least 26 miles high and 30 miles across—"a lot higher and bigger," he says, "than a cloud should be." The circle was too high to be made by a jet plane, and so far as Dr. McDonald can determine, there were no rockets, rocket planes or bombs being tested nearby that day. He hopes anyone else with pictures will lend them to him, for he would like some more clues about the cloud 26 miles up—no water droplets exist at that height to make a cloud.

And brother, sister, I've been back in the cave long enough, and you have too, to know that there's been a lot of earthquakes shaking around, a lot of noise, and fusses, and stews, and things like that, and big meetings, but where's been God out of it. That's the reason I said what I did this morning. There's got to come something deeper than a healing service. There's got to come something deeper than a gift to speak with tongues. There's got to be something deeper than a rushing mighty wind.

And just then He picked me up. And He took me up and set me way up high to where a meeting was going on, **looked like a tent** or a cathedral of some sort. And I looked, and there was a little box-like, little place over in the side. And I seen that Light was talking to somebody above me, that Light that you see there on the picture. It whirled away from me, like that, and went over to that tent, and said, "I'll meet you there." And said, "This will be the third pull, and you won't tell it to nobody."

And in Sabino Canyon, He said, "This is the third pull."

For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens. II
CORINTHIANS 5:1

PSALM 27

A Psalm of David. The LORD is my light and my salvation; whom shall I fear? the LORD is the strength of my life; of whom shall I be afraid?

When the wicked, even mine enemies and my foes, came upon me to eat up my flesh, they stumbled and fell.

Though an host should encamp against me, my heart shall not fear: though war should rise against me, in this will I be confident.

One thing have I desired of the LORD, that will I seek after; that I may dwell in the house of the LORD all the days of my life, to behold the beauty of the LORD, and to enquire in his temple.

For in the time of trouble he shall hide me in his pavilion: in the secret of his tabernacle shall he hide me; he shall set me up upon a rock.
